

The STATIK Canvas Template

Better With
Kanban+

This template is designed for you to map and understand the most important aspects of a product or service in its current state.

It is also a kickstart to your evolutionary change approach, as it focuses on evolving your process and service delivery from a current state.

Product, Team or Service:

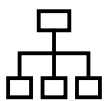

Purpose of the Product / Service:

Sources of Dissatisfaction:

Internal

External

Workflow:

Classes of Service:

Cadences:

Capacity Analysis:

Policies:

Date:

Facilitator:

Demand Analysis:

Type of Demand	Where does it come from?	Who receives it?	Entry Rate	Nature of Demand	SLA / Delivery Expectations
